Dear Mr. Tait:

Re: Amended Notice of Intention to Commence Small Mining Activities, L.C. and K.C.L. Project, S/021/013 and S/021/014, Iron County, Utah

Thank you for your letter received by the Division concerning A.E.M.C. Incorporated's L.C. and K.C.L. small mining project located in Section 1, T31S, R8W, SLBM, Iron County, Utah. Your agency's designated file number is UTU-67787.

The amended portion of the letter satisfies the requirements of the Utah Mined Land Reclamation Act of 1975, Title 40-8, Utah Code. However, since the operator is planning to move the mill from the mine site to private property, some 8 miles distance, and plans to use and upgrade an existing jeep trail, the Division needs more information. Although the mill will be moved to private property, this does not preclude the operator from permitting the mill site with the Division. A Small Mining Operation Notice of Intention (NOI) will have to be filed with the Division along with a map showing the location of the mill site and any new and/or existing roads to be used, or roads upgraded. A copy of the SMO NOI will be forwarded to Mr. Whited of A.E.M.C. Inc., under separate cover, to be filled out and returned to this Division.
